Space Double Sided Bannerstand

Double-sided

Same Great features
as our single sided
retractable! only
with twice the
viewing area!

These bannerstands are fully
retractable making them ideal for on
the go tradeshow, not to mention so
many more useful applications.

Double your impact! Attract potential customers from both sides!

The double sided retractable system, is perfect for someone who is
conscientious about protecting their graphics. The retractable graphics pull
out from the base and hook onto the included three pole foldout support that
conveniently slips into the base of the bannerstand. It couldnt be simpler!

Included Carrying Case

When in its protective carrying
case the double sided bannerstand
is very compact.

Features

- easy-to-mount
- 2 viewing sides
- 3 parted pole
- carrying case
- easy to use rollup graphics

Great features

These bannerstand are perfect for
those areas with multi-directional
traffic, or if there are a couple of
different messages you need to get
across.

Great for so many different
applications.
