# Kiosk Stands

KIOSKS

Great to use at your tradeshow or anywhere at all!

The Kiosk Display stand is great for so many different applications. Not only is it light weight and easy to transport, but it's durable and stands out in a crowd.

This stand is great for malls or POP display purposes as well.

**Need to get a message out? Try using our Kiosk Display to share your information. Looks great and is highly effective!**

### *Easy-to-change Graphics*

The upper sign is held in place with Velcro making it incredibly easy to change your message.

The bottom sign is just as simple with its track system that allows you to simply slide in a new graphic and slip it into the base!

### *Interior Shelf*

The interior shelf, in the image above, is great for storage, and provides that extra little space to clear up the clutter of your area.

### *Carrying Case*

Packs down to a light weight carrying size and weighs very little
