

# Round Tower Setup Instructions

**BALLANCE  
DISPLAY**

A Division of Ballance Design Ltd.

## Component list for your Round Tower

- 1 Round Tower Frame
- 9 Magnetic Channel Bars
- 6 curved support bars
- 2 Round black clips
- 3 magnetically attaching panels

1. Carefully open the Round Tower and open the frame as shown. Place the round black clips over the central hubs to keep them locked in place.

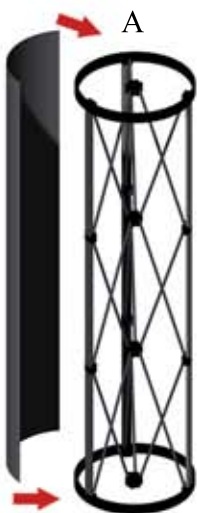

2. Once the Frame is secure, begin attaching the mag bars as shown making sure to start from the top and work your way down. Place the top in the slot, and slide the bottom clip onto the peg in a leftward motion.

3. Once all the Mag bars are connected proceed to placing the top and bottom curved support bars as shown

4. Once the frame is all connected and secure, you can go ahead and begin to place your graphic panels. Connect the hoops on the panels to the pins on the frame, Start with panel "A" and proceed to B & C
