The Geotable

Geotable

**Durable
Effective &
Easily
Transportable!**

The Geotable is great for all your tradeshow needs, with a durable folding top and interior shelves for all your storage needs.

The Geotable is our most popular display table. It is perfect for tradeshows as well as many other applications.

Compact and portable, the geotable is the perfect accessory for your tradeshow display. You can use a fabric wrap with the ability to hang velcro posters or upgrade to the graphic wrap and put any message you would like right around your table.

Folding Frame

The light weight folding frame is what gives the Geotable it's portability.

Made with high strength aluminum and magnets this table goes up in seconds!

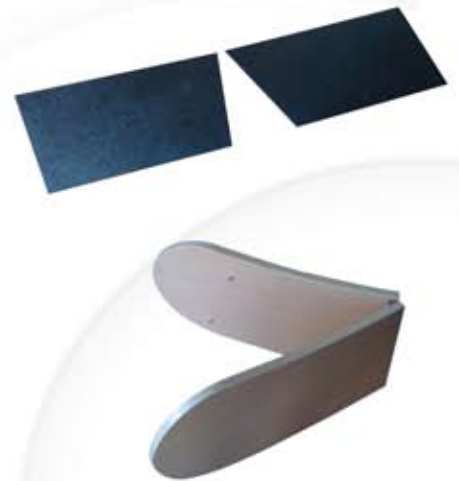

Included Carrying Case

Just fold up the top and remove the magnetic strips and your table packs down easily into the supplied carrying bag. It couldn't be easier!

Features

- Frame
- Table Top
